REPORT OF THE FIRE WARDS

During 1953 we answered 28 alarms, of which one was a test run, 3 general alarms, and 7 chimney fires. The hazardous conditions at the town dump have resulted in 7 calls to that location, which have been expensive. Better control is expected in 1954.

The Fire department is in good condition and we appreciate the loyalty and good service extended not only by the members of the Fire Company, but particularly by the employees of the Telephone Company whose co-operation in operating the Fire alarm system adds so much to the effectiveness of our department.

Treasurer, Troy Library Trustees.

REPORT OF THE LIBRARIAN

In June the Gay-Kimball Library was opened to the public.

In September because of the increased circulation and the needs of the school pupils the library hours were increased from eight hours per week to ten hours per week with the following schedule.

Tuesdays and Saturdays	4 p.m. to 8 p.m.
Thursday evenings	7 p.m. to 9 p.m.

The Bookmobile of the Library Extension Division of the State Library continues to loan us books calling about every six weeks.

An Adult Set and a Junior Set of the Encyclopedia Britannica was purchased for the library through the use of the Elizabeth Ripley Fund.

The Trustees and Librarian are grateful to the many friends and organizations who have presented the library with books, magazines subscriptions, gifts of money, a collection of several Finnish books, and furnishings including chairs, tables, rugs, and a globe.

Fines collected $4.15.
Sold History of Troy $1.50.
Total $5.65.

Respectfully submitted,
DOROTHY LAGRENADE,
Librarian.

LIBRARY TRUSTEES REPORT

The dedication in June of Troy's new Public Library marked another step forward in reading and education.

As yet the facilities have not been completed as monies from the Trust Funds were only sufficient to finish the building. Painting of the building had to be partically financed with town funds.

A large reading table was available from the old library room in the Town Hall and the Troy Women's Club donated a dozen high quality folding chairs.

Mrs. Cora Ripley Sylvester has given $50 which will be used toward the purchase of a librarian's desk and chair.

A small table for the children's side, as well as more chairs, are still needed.

The basement room has been used by the Boy Scouts for their weekly Monday meetings as the heating problem in their club house had become acute. The Christian Youth Fellowship held one meeting when their usual meeting place was occupied. This brings up the question of the advisability of allowing groups to use the basement of the library with the permission of the Trustees. Use means wear and tear with extra expense for light. Disuse means a waste of existing facilities.

An article in the Town Warrant will leave this policy decision to the vote of the Town. Permission for use of the library will come from the Trustees.

Much more service is rendered by the District Nurse than the visits as listed. Much welfare work is done. In 1950 blood typing was done, in 1952 the Mobile Chest X-ray Unit was in Troy. Well children and baby clinics have been held, with the giving of immunizing and booster shots of toxoids. Patch tests for T.B. has been conducted in the school, with the taking of children who showed a reaction to the Keene Hospital for X-rays.

Glasses have been obtained through the State and Lions Club of Keene, for those who could not purchase them and these children have been transported by the nurse for examinations and then back for the fittings.

A Tonsil Clinic was held at Keene Hospital and the nurse took them to the hospital and staid several hours with children and then back the next day to bring them home.

Clothing, shoes, rubbers and overshoes have been donated by the townspeople and the nurse has mended cloth-

ing, had footwear repaired and then distributed to those who were in need of same.

Dental work is much needed by the children and we only wish we could obtain a dentist who could do work on a clinic basis for those who can not afford the regular rates.

District and School Nurse.

WAR MEMORIAL RECREATION COMMITTEE REPORT

The Memorial Recreation Program for children closed its 1953 session after ten full successful weeks. This was the first ten week season. All previous seasons had been for eight weeks.

Many things occurred to make the summer a memorable one. Morning programs made all time high records because of a crafts program given by Mr. Ralph Staples and the opportunities for daily athletic contests with Keene children. The Troy youngsters were able to play all games at home and much time, effort and money was saved in this department alone.

The utilization of the Sand Dam Area by the Keene Recreation Department resulted in much favorable publicity for the town of Troy. The $400.00 paid by Keene was put to use in expanding the athletic field and repairing storm damage to the beach. Because of the presence of at least two and often four life guards from Keene to help supervise the water activities, it was possible for either Mr. Staples or Mr. Dunn to be available for supervision of land sports and activities during swim periods.

No appreciable inconvenience to the Troy children was caused by the presence of Keene and, on occasion, Marlboro children at the Sand Dam and these small difficulties were more than offset by the above mentioned benefits as well as the fun of having more children for playing games.

Under the direction of Mr. Littlefield, the Troy High School class of 1956 erected a small building from which they dispensed soft drinks, ice cream, candy and popcorn. This venture proved a tremendously valuable lesson in business management to the class and they just about broke even financially for the season. It is hoped that this

school project will continue to be a permanent thing at the Sand Dam.

Equipment added this season includes two picnic tables made at the High School, one row boat—a gift of Charles Starkey and named "Flo," two playground units for use by very small children.

Some mention should be made of the expenditures of considerable funds obtained from sources other than town taxes.

Source of Funds	Amount
Keene	$400 00
Public raffle by local citizens	38 35
Gift—Mrs. Maragret Cumings	15 00
Scallop fry	287 68
Total	$741 03

Appreciation of the donation of 60 pounds of scallops by Mr. Paju, as well as, many smaller donations of food by other people and the work of many chefs and chefs helpers were very evident on a beautiful October Sunday. The financial success of the scallop fry was than equalled by the pleasurable companionship enjoyed by everyone who took part in the affair.

Expenditures for work on beach and tennis courts:

Tommilla brothers	$100 50
Arthur Whitcomb	84 00
Richard Cameron	200 50
Town of Troy (first coat asphalt)	150 00

Expenditures for tennis court fencing:

Spencer Hardware	$129 27
Amount still due	100 00
Total	$764 27
Cash received	741 03
Arrearage	$23 24

All cutting of spruce poles and installation of the tennis court fences have been done by the High School boys under adult supervision.

This 1953 season has been so full that many more things could be mentioned. The committee appreciates all the work and efforts contributed by so many of the citizens of Troy. The end of the season found a new permanent memorial sign erected through the generosity of the Troy Blanket Mills. Their consideration was also evident during an unusually dry summer as the water level at the Sand Dam was maintained during the entire season.

War Memorial Recreation Committee.

TROY WAR MEMORIAL SUMMER PROGRAM REPORT

The 1953 summer recreational program at the Sand Dam had a successful season with many new prospects and activities. The total attendance figured on a cumulative basis was five thousand children-days from Troy. This figure does not include adults and the Keene children.

A typical day of the summer program would consist of the following activities:

9:30-10:30 A. M.	Beginners swimming lessons
	Intermediate swimming lessons
10:30-12:00 A. M.	Craft Work
	Junior Life Saving
1:30-3:00 P. M.	Baseball game
3:00-4:30 P. M.	General swimming
	Volley ball and other games

(On alternate days canoeing and boating instruction replaced arts and crafts work)

The athletic program consisted of team sports and individual activities. There was no transportation problem this year in regard to the baseball team as a different recreation park team from Keene came down every week day and the games were scheduled with them. We also played baseball with Marlboro children's teams. The

games averaged in number at three per week. The age groups were eight years to twelve years and twelve years to sixteen years. Troy teams had what could be considered a successful season.

The first, and what we hope will be an annual, tri-town swimming meet was held at the Sand Dam. It consisted of swimmers from Troy, Keene, and Marlboro. Troy made a clean sweep of all the events.

Several special events were held during the summer. Among these was the annual bike rodeo, the frog race, peanut hunts, and a track and field day.

Our new tennis courts will be a valuable addition to the summer program. We are badly in need of new bath houses and this addition should complete the area. The season was ended with a water show with a fine ballet display given by the girl swimmers of Troy. Red Cross beginner, intermediate and junior life saving cards were awarded to the classes that earned them. These achievements represent a considerable amount of work by the boys and girls of Troy.

The staff wishes to express its thanks to all the people who contributed to the success of the program.

Respectfully submitted,
RALPH L. STAPLES,
WHALEN DUNN.

SCHOOL WARRANT

REPORT OF THE PRINCIPAL OF THE TROY HIGH SCHOOL

To the Superintendent of Schools:

I herewith submit my third report as principal of the Troy High School.

School Staff Relatively small turn over of our teaching staff has strengthened greatly our program. Circumstances did make it necessary to obtain replacements for the following teachers. Mrs. Ann Gaseau our commercial teacher for four years resigned in June to devote more time to household tasks and was replaced this fall by Miss Leah Femino, a recent graduate of Salem Teachers College, Salem, Mass. Miss Femino is teaching the commercial courses and coaching girls' sports. Mrs. Rose Land who had established the Art department at Troy left in June to accept a position in the West. Her position was filled by Mrs. Stella Eaton recently graduated from Massachusetts School of Art. Mr. Gordon Decato who taught last year in the junior high grades left Troy to assume the principal's position at Chesterfield and he was replaced by Mr. Donald Fletcher a graduate of New England College and Keene Teachers College.

An important development during this year has been the use of student teachers from Keene Teachers College. This has benefited our large classes particularly in the elementary grades where classes of 35 are common and the extra teachers are an added value

Last year the Troy teachers founded a loose association for the purposes of professional growth, program improvement, and social activities. This year the association has been renewed and strengthened. Leonard Littlefield our Industrial Arts teacher was elected as president and through his guidance the association has been very active. The real highlight of this year was the faculty pro-

duction "Faculty Frolics" put on to establish a fund for the improvement of the school program. The work of this association is only one of the many indications of the willingness of the Troy faculty to devote extra hours for the improvement of our school program. The ultimate result being the betterment of our children's education.

School Program Operating on the now familiar two session schedule our program has seen litle change from last year. I do believe the following points are appropriate as an indication of the focus of our attention during the previous year.

Special reading is continuing in elementary grades under the supervision of Mrs. Elva Rawding. This program has been designed for those needing more individual help in reading than is possible from regular classroom teachers. Reading tests together with teacher observation determine those pupils who should receive the attention in addition to regular reading instruction.

Miss Joslin, high school English teachers, has taken an added course (Reading Laboratory) onto her schedule in an attempt to provide help for pupils who are not up to grade level in reading. It has been found that each pupil has his own individual reading difficulty thus this course is very highly individualized. This year there are 18 pupils receiving instructions in this course and the progress that is being made we feel will justify the continuance of such a course.

Our Guidance program has continued to improve under the supervision of Ralph Staples with greatest achievements being made in the area of testing. The following guidance report outlines what we believe to be an essential testing program commensurate with the budget. This program will be effective and useful only if followed closely every year.

GUIDANCE REPORT TROY SCHOOL SYSTEM
1952-1953

The following testing program endeavors to find the student's interest, intellectual ability, and educational

achievement. The purpose of this program is to enable the individual student to make a success of his scholastic work and help him establish himself in work which takes advantage of his abilities and interest.

The secondary purpose of such a program is the measurement of how well the educational needs are being met. It should be emphasized, however, that the testing program is just one phase of the total guidance program. Below is a table illustrating the twelve year testing program of the Troy School System which we believe will satisfy the above mentioned needs.

Type of Test	Grades Administered											
	1	2	3	4	5	6	7	8	9	10	11	12
Readiness	x											
Intelligence	x		x			x		x			x	
Achievement			x			x		x			x

RALPH L. STAPLES,
Guidance Director.

"How well we **understand** and **assume** our responsibilities as citizens will determine the future of our nation." Regardless of his or her future career, everyone of our graduates will have equal responsibilities toward citizenship. With this in mind the staff has cooperatively developed a social studies program designed to provide all children with experience and study that will lead to an understanding of:

(a) the basic code of living in a democracy.
(b) the functions of our local, state, and federal governments.
(c) our economic system and the interdependence of its various parts.
(d) the position of our country in world affairs.
(e) the customs and cultures of other lands and the interdependence of all nations.

Our twelve year program is as follows:

Grades	1-7	Social Studies each year (Follet Series)
Grade	8	U. S. History and Geography
Grade	9	Civics
Grade	10	World History and Geography
Grade	11	U. S. History
Grade	12	World Problems

To create more interest and provide experiences in citizenship training more emphasis is being placed on activities such as:

Student Government — Leadership courses — Girls' State, YMCA Youth and Gov. Program—American Legion Oratorical Contest—United Nations Study and Contest—trips to legislature, court, industrial plants, banks, etc.

Halloween Festival For the third year our halloween activities have continued to become larger and better. Financed by the contributions of local businesses and organizations this festival is providing entertainment for young and old. The parade is becoming more colorful each year with prizes being given for best floats and individual costumes. The Class of 1956 won the first leg on a rotating trophy given for the best float in the parade. Other highlights which have proved of real interest and value are (a) Halloween Dance for adults (b) Party at Grange Hall for children. Refreshments were served to all free of charge and real credit is due Mrs. Anna Atkins and her Girl Scouts for their splendid job of handling this part. The success of the Halloween Festival is another tribute to our fine teaching staff, particularly in the handling of 200 children at the Grange Hall party.

Athletics The winter program of athletics at Troy was centered on our interscholastic basketball program. During the 1952-53 season a total of 17 games were played. Much more impressive than the record of 8 and 9 was the spirit of fair play demonstrated by the teams. At the close of the season the Troy Trojans were invited to participate in the tournament at Keene Teachers College. The Trojans

made an impressive showing particularly in the semi-final game when they broke all tournament records for team high scoring and Donald Johnson broke all individual scoring records when he gathered a total of 39 points for the one game. Troy lost in the final game to Marlboro.

The girls played a schedule similar to the boys and in most cases played the preliminary events.

History was made on the baseball diamond for Troy High in the spring of 1933. The team went through an undefeated season and then went on to win the New Hampshire State Class C championship. This honor was the first of its kind for Troy. The team was honored with a banquet given by the I.O.O.F. of Troy. A group of loyal fans also collected funds enough to present each member of the team with jackets. The 1953 champions were as follows:

Seniors:

Capt. George Lepisto, catcher
Robert Nutter, pitcher
Richard Martin, 1st base

Sophomores:

Kenneth LaPointe, 2nd base
Donald Johnson, 3rd base

Freshmen:

Ronald Frazier, s. s.
Roland Frazier, r. f.
Conrad Lepisto, c. f.
Harold Johnson, l. f.
Thomas Descoteau, r. f.
Richard Desrochers, manager and sub.

A very good record has been made by our teams and we are proud of them but we are still lacking a good physical education program which can provide adequate participation by everyone of our pupils. I am sure such a program is forthcoming.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The past school year and the first part of this present year have been busy times indeed in the Troy School District. After the cooperative school idea faded and attendance at Keene was rejected; a bond issue to build an addition to the Troy building was voted. This issue has now been sold at a sound interest rate of 2.4% and the money re-invested in government notes until needed. Plans and specifications have been completed for the building and are now out for bids. If all goes well, the Troy pupils will have the advantages of the new addition when school opens in the fall. It is felt that the educational program of the entire school will be enriched through the availability of the facilities of the new structure.

During the past summer, three four-room apartments were constructed in the Ripley Homestead property and the entire building is occupied by teacher's families. The availability of desirable living accommodations for teachers at the Ripley homestead is an important factor in obtaining and retaining teachers.

The school system continues to operate smoothly under the capable leadership of principal Corridon Trask. The school is offering a broad curriculum designed to meet the needs of pupils; and good, sound principles of teaching are being used in promoting the education of our pupils.

DR. CHARLES L. BOWLBY,
Supt. Schools.
